REGULAR PAPERS

Stochastic Online Shortest Path Routing: The Value of Feedback .................................................. M. S. Talebi, Z. Zou, R. Combes, A. Proutiere, and M. Johansson 915
Stochastic Thermal Load Management .............................................................................. T. Voice 931
Phase Limitations of Zames–Falb Multipliers ................................................................. S. Wang, J. Carrasco, and W. P. Heath 947
Robust Distributed Estimation for Linear Systems Under Intermittent Information ................. Y. Li, S. Phillips, and R. G. Sanfelice 973
Optimal Periodic-Gain Fractional Delayed State Feedback Control for Linear Fractional Periodic Time-Delayed Systems ................................................................. A. Dabiri, E. A. Butcher, M. Poursina, and M. Nazari 989
Cooperative Q-Learning for Rejection of Persistent Adversarial Inputs in Networked Linear Quadratic Systems .................................................................................................. K. G. Vamvoudakis and J. P. Hespanha 1018
PID Passivity-Based Control of Port-Hamiltonian Systems ................................................. M. Zhang, P. Borja, R. Ortega, Z. Liu, and H. Su 1032
Distributed Semidefinite Programming With Application to Large-Scale System Analysis ................................................................. S. K. Pakazad, A. Hansson, M. S. Andersen, and A. Rantzer 1045
Stochastic Consentability of Linear Systems With Time Delays and Multiplicative Noises ................................. X. Zong, T. Li, G. Yin, L. Y. Wang, and J.-F. Zhang 1059
How to Systematically Distribute Candidate Models and Robust Controllers in Multiple-Model Adaptive Control: A Coverage Control Approach ......................................................... S. Kersting and M. Buss 1075

CCTA 2018 will be held at the Scandic Hotel Copenhagen Scandic Copenhagen is located in central Copenhagen, with views of one of the three lakes and the city, and close to the Tivoli Gardens and the pedestrian street, Strøget. With its leafy parklands and canal side living, Copenhagen is a green and liveable city to visit. Summer jazz and street food markets fill the city during summer months, and there is never far to a sandy beach or harbour bar.
